

TARUN KUMAR PILLAGOLLA

Cybersecurity Analyst | L1 SOC Analyst | Digital Forensics

tarunkumarpillagolla@gmail.com • +91-9392633137 • Jangareddygudem, AP • [LinkedIn](#)

PROFESSIONAL SUMMARY

Detail-oriented cybersecurity professional with a BSc in Forensic Science and hands-on experience as a Cybersecurity Analyst intern. Proficient in SIEM monitoring (Splunk, QRadar), network traffic analysis, digital forensics tools, and security incident response. Seeking an L1 SOC Analyst role to contribute to threat detection, log analysis, and real-time monitoring while growing in a structured SOC environment.

CORE COMPETENCIES

Security Monitoring & Incident Response

- SIEM tools: Splunk, QRadar .
- Security alert triage, escalation procedures, and incident ticket creation
- TCP/IP network protocol analysis and network traffic monitoring
- VPN, EDR (Endpoint Detection & Response), and Antivirus monitoring
- Basic malware analysis and Indicators of Compromise (IOC) identification

Threat Intelligence fundamentals:

- MITRE ATT&CK
- Incident Response Lifecycle
- Cyber Kill Chain framework awareness

Digital Forensics & Investigation Tools

- Autopsy, FTK (Forensic Toolkit), EnCase, X-Ways Forensics
- Wireshark for packet capture and network forensic analysis
- Email header analysis and phishing investigation
- Hash verification (MD5, SHA-256) and evidence integrity validation
- audio/video analysis: Video Cleaner

Systems & Infrastructure

- Linux OS: Kali Linux, Ubuntu, os layers — installation & configuration
- Windows Server: Active Directory (AD), DHCP, DNS — installation & configuration
- Vulnerability assessment fundamentals , Firewall rules, access control concepts

PROFESSIONAL EXPERIENCE

Cybersecurity Analyst Intern | Aadhiksha Institutes | DEC 2023 – April 2024

- Monitored and analyzed security alerts using SIEM tools (Splunk, QRadar) in a SOC environment
- Conducted digital forensic investigations using Autopsy, FTK.
- Performed email header analysis to investigate phishing attempts and social engineering incidents
- Monitored VPN access logs, EDR alerts, and antivirus reports for endpoint threats
- Supported installation and configuration of Linux and Windows servers in a lab environment

EDUCATION

MCA in Cyber Security — Manipal University ,Jaipur (online)

2025 – Currently Pursuing

BSc in Forensic Science, Genetics & Chemistry — Garden City University, Bengaluru

2021- 2024 | Score: 75%

Intermediate (Class XII) — Narayana Junior College

2018 - 2020 | Score: 89%

CERTIFICATIONS & TRAINING

- Cybersecurity Analyst Internship — practical SOC
- Introduction to Cybersecurity Essentials -Coursera
- Try hack me -Blue team
